

Dependable Floor Preparation Products

Self-Levelers

Dependable's self-levelers are both pumpable and pourable and can be used on a variety of surfaces including wood, ceramic tile, and concrete. There is a solution even for the most difficult substrates.

Feather and Patch

The adhesive friendly, mildewcide protected products are easy to use with a quick dry time. From a feather finish to over an inch in thickness the Dependable feather and patch products will be sure prep the floor.

Moisture

Cost effective and high quality our moisture mitigation products can prep any concrete with moisture issues helping fast track a job while saving money.

Specialty Cement

Dependable's specialty cement are specialized for a variety of uses. From the easy to apply gypsum technology cements to the superior outdoor patch.

Primers and Additives

For high standards and when added adhesion is needed Dependable's primers and additives improve adhesion, flexibility and add extra mildewcide protection.

Underlayments

Whether tile cracking, noise or moisture is an issue we have a solution to keep floors durable and comfortable. These high performance underlayments work well with both residential and commercial settings.
